

1. The sample of the machinery was applied for the evaluation and certification on July 12th, 2010.
2. The certificate was issued on the technical basis of the manufacturer:
 - Application for the issuing of a renewed certificate from July 12th, 2010
3. Date and number of the Evaluation report on the process and results of the tests:
from July 26th, 2010, no. 1504/90/10/BT/AO/S.
4. Detailed technical data on the machinery, data for the product identification:

Load capacity for WP 3000: **3000 kg to the options mentioned in the Manual no. M178-03**
Load capacity for WP 3000–twin: **5000 kg to the options mentioned in the Manual no. M178-03**
Hoisting speed: **8,5 m/min**
Max. height clearance in running: **148,7 m**
Max. wind speed while running: **55 km/hod**

5. Validity conditions:
 - A label shall be placed on every stairlift with following data: trade name and solid address producer, country of production, type designation, serial number, year of manufacture, travelling speed, outer/interior dispozition, max. height clearance in running/out of running, max. wind speed while assembly/disassembly and while running/out of running, quantitative electric drive, location of all protectiverailing admission except in loading/unloading, load capacity, organisation of shoring and requirements for military load classification.
 - The certificate shall only promote its holder, the said product and production places.
 - The transmission of this certificate to third parties is inadmissible as well as its using by them.
 - Any modification of the stair lift, planned or performed incl. of modifications or adjustment not mentioned in the original documentation, shall be announced to TÜV SÜD Czech. It shall judge the modifications and inform the producer, if the issued inspection certificate is still applicable, the new type certifying is needed or the issued certificate on the type checking shall be supplemented.
 - This certificate shall only be reproduced in full including all annexes.
